## **FEAR OR FAITH**

**By Dale Foster**

Night frights. We could all tell stories from our childhood of terrors of the night. From monsters under the bed to recurring nightmares we knew what it was to be scared out of our wits. As adults we face not only terrors of the night but terrors of the day as well. Each morning we must decide whether it will be fear or faith.

Dave knew what it was to experience trouble; to be surrounded by those who sought his life. Yet he did not allow fear to incapacitate him. God was a shield for him, a lifter up of his head. He cried to the Lord, and the Lord heard him. The Lord sustained him. Faith enabled David not to be afraid of ten thousands of people. It is God who rescues and saves.

*Fear imprisons, faith liberates, fear paralyzes, faith empowers;  
fear disheartens, faith encourages; fear sickens, faith heals;  
fear makes useless, faith makes serviceable.*

-H.E. Fosdick

As you begin your day decide that you are going to face it with faith. God is alive and He will not allow the righteous to be moved.
